

NORTH PEACE GYMNASTICS WINTER SESSION 2022 CLUB PROTOCOLS

Please take the time to review all NPGA Club Protocols. This document is subject to change and/or modification as updates are received from Gymnastics BC, ViaSport and/or Northern Health.

ATTIRE: Please send athletes dressed for gym as we are minimizing the use of the bathroom areas. As the weather gets cooler, please use minimal layers so that athletes can quickly take them off and put them on at the beginning and end of class. Gym suits are optional but all clothes must be tight fitting with hair tied back.

DROP OFF AND PICK UP: NPGA will remain a locked facility for the Winter session. Athletes are asked to wait on the social distance markers in front of the door until the coach arrives. Attendance will be taken at the door and the coach will lead the class in to the gym. During inclement weather please wait in your vehicle till the main door is opened. Coaches will look for you but once all athletes are inside the door is closed.

For pick up at the end of class please listen to the coach on the first day of class as your child's class may exit from the front door or one of our side doors. Please meet your child at the door as coaches will not allow them to run out in the parking lot, on to the road etc.

LATE ARRIVAL AND PICK UP: Please arrive 5 minutes before the start of class to ensure that your athlete is prepared to enter the facility. Once the coach has taken the class inside, the doors will be locked and we are unable to accept late athletes. Please be aware that this process is quick and the door is often closed less than a minute after opening.

Coaches have a tight turn around between the end of your athlete's class and the beginning of their next class. Please ensure you are waiting when the door opens to pick up your child.

MASKS: Masks are mandatory in our facility for all members 5 and up and strongly encouraged for those 3-4. Masks will be worn during entry and exit and in all common areas such as the lobby, bathrooms etc. Masks are not required on the field of play (in the gym).

SCREENING: We ask that all families complete the self assessment list that is located on our door. If your child is exhibiting any of the symptoms on the list, we ask that you do not bring your child to gym. If a staff member or coach notices any symptoms, or if a child becomes ill during their class, we will be removing them from the class and calling for immediate pick up.

SPECTATORS: As COVID 19 is still a concern, we will NOT be allowing spectators for this session.

WATER BOTTLE: Please send your child to gym with a full non spill water bottle as our water fountain is closed at this time.

ZERO TOLERANCE: NPGA's coaches and staff are here to help create a fun, safe and engaging environment for everyone to participate in sport. Coaches and staff are working hard to follow Provincial Mandates as your child's safety remains our number one priority. Verbal abuse (including the refusal to follow Provincial mandates) will not be tolerated. Non compliance may result in your child not being able to participate in programming or removal from the remainder of programming without refund.

VACCINE PASSPORTS:

NPGA requires a Vaccine Passport for those assisting children in our Parent and Tot, Drop in and Special Abilities (under the age of 22) Programs. Passports may be uploaded to the system and then only need to be shown once with Government issued ID. If you choose not to upload your Vaccine Passport you will be required to show it each week.
